SALEM NEWS.

Special Correspondence to The Times, F.

A. Lovelock, Reporter.

Dr. W. S. Robertson and wife, of Danville, arrived yesterday and drove over to the Red Sulphur where they will spend the summer.

Mr. Thomas Maury, who has been quite an invalid for some months past, is now able to be out on the streets again.

G. W. Kittelle, who recently kept hotel at Winston, and whose strange capers were mentioned in yesterday's Times, was manager of Hotel Salem for quite a time and consequently Salem people were interested in the paragraph. The Charlotte Observer published the following account of the matter:

"Private letters from Winston yesterday brought news regarding Mr. G. W. Kittelle that will be of interest. Mr. Kittelle's assignment grew out of a great sensation which Winston enjoyed, but which had not even the Observer's correspondent seemed to have dropped on. To Friday night Mr. Kittelle took the ice which had been used in preserving the body of Mr. Chas. Johnson and used it in the refrigerator, in the office and for the ice tea at the table. When the terrible discovery was made the owners of the hotel at once demanded Mr. Kittelle's resignation, and could not get him out of the hotel fast enough. The hotel, the Phoenix will be temporarily in charge of Mr. Roland Harris, formerly of the Buford."

Henry T. Hildreth, of Harvard University, who has just been selected acting professor of ancient languages at Roanoke College, studied a year at the American School of Classical Studies in Athens, Greece, and two years at the University of Berlin. He taught Greek and Latin successfully in the University of Wooster, Ohio, two years, and was for one year head of the Greek department in Brown University, Rhode Island. Prof. Hildreth has spent the last two years in the Graduate School of Harvard, where he is now taking his examinations for the degree of Doctor of Philosophy, his thesis having been accepted. Prof. W. C. Collier, headmaster of the Roxbury Latin School in Boston, and Prof. Goodwin, Allen, White and Smith, of Harvard, testify to his thorough scholarship; Presidents Scovel, of Wooster, and Andrews, of Brown, to his eminent success as an instructor, and all to his high character as a Christian gentleman.

The full text of a sermon preached by the Rev. E. W. Hubbard on Sunday last from the pulpit of St. James Church, Petersburg, has been published in the Richmond Times, and has been a subject of complimentary comment. It dwells upon the Holy Spirit's power, and in the words of the Times, may well be pronounced "masterly."

Miss Janet Sampson, of Gordonsville, who for two seasons taught here in the family of Thomas I. Preston, last week graduated as a trained nurse from the school connected with the Johns' Hopkins Hospital in Baltimore.

Rev. E. C. Cronk, pastor of the Lutheran Church at Tazewell, and a former student of Roanoke College, was recently married to Miss Katherine Scherer, daughter of Rev. J. J. Scherer, president of Marion Female College.

At the alumni dinner Wednesday afternoon Judge Blair delivered a witty post-prandial speech in which among other good things he said: "Pocahontas saved Capt. John Smith, but it took O'Ferrall to save Pocahontas."

A Remarkable Cure of Rheumatism.

WESTMINSTER, Cal., March 21, 1894.—Some time ago, on awakening one morning, I found that I had rheumatism in my knee so badly that, as I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store I sent for a bottle, and rubbed the afflicted parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application had done the business. It is the best liniment on the market, and I sell it under a positive guarantee. R. T. HARRIS. For sale by Chas. Lyle Drug Co.

R. M. Sutton & Co.

CAPT. D. C. BOOTH, agent of R. M. Sutton & Co., of Baltimore, wholesale dealers in dry goods and notions, who has been occupying rooms over the E. H. Stewart furniture store, will on the first day of May remove his large stock of samples to Hotel Lee, corner of Commerce street and Salem avenue, and in future will be pleased to see his patrons in his new quarters.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with rheumatism and neuralgia, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve and his leg is sound and well. John Speaker, Catwaba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Christian & Barbee's drugstore.

Everybody Knows This.

It is undoubtedly a conceded fact that Bonner's Restaurant is a picture of neatness, as also a place to satisfy the most fastidious appetite. Everything that a person may wish for will be found on Bonner's tables. Ice tea, ice butter-milk, ice sweetmilk, and in fact all of the cold drinks will be served at your will. Every meal served is conclusive proof of excellence. Try one of them and be convinced. It is a marvelous fact, but nevertheless true, that for 25 cents Bonner can serve the best meal ever set before you.

TO MAKE a good breakfast buy Kenny's dry roast coffees. I have the capacity to roast 40,000 lbs. daily, which is larger than that of any concern south of New York. Twenty-five years' experience in testing and buying enables me to offer you a judgment second to none. Sugars at refiner's prices. C. D. KENNY, 12 Salem avenue.

AN ABSOLUTE FALSEHOOD.

The Report That the President Went

Fishing on Sunday.

WILMINGTON, Del., June 13.—In an address before the Scott Literary Society of the Wilmington Conference Academy at Dover, Tuesday night, Rev. Dr. Merritt Hulburd, pastor of the Grace M. E. Church, this city, gave utterance to the newspaper charge that President Cleveland had gone fishing on Sunday last. The editor of the Dover Index wired Private Secretary Thurber an inquiry as to the truthfulness of the charge and received the following answer: "In answer to your telegram I beg to state that if the Rev. Dr. Hulburd said the President fished on Sunday he held an absolute falsehood."

On being shown this telegram, Tuesday Dr. Hulburd said: "My statement was based on the telegraphic report. I read the reference to the President in a newspaper while coming from Pittsburgh. I did not make the statement definitely, nor with any animus. If it had been a matter of previous thought it would not have been said. I am not given to speaking evil of a magistrate and dignitaries on anybody's authority."

Mrs. Cleveland's Toilet.

A dispatch from Washington says Mrs. Cleveland has a very dainty taste in the selection of her undergarments, and invariably selects all such garments of the finest materials and an elaborate amount of lace trimmings. She has a fancy for Fedora skirts, because of the fact that they can be lengthened or shortened at fancy to suit the emergency of the moment by means of the strips of insertion through which the ribbon is run at the sides. Silk undergarments find scant favor in Mrs. Cleveland's eyes, her preference being for fine sheer linen, linen lawns and muslins of the most costly description. In the dressing of her children Mrs. Cleveland's taste is most simple. Their little frocks are always of white muslin or similar material without any display of trimmings. Generally their outside wraps are also of white. On the occasion of the Lester-Curzon wedding, when Mrs. Cleveland was accompanied to the ceremony at the church by her little daughter, the latter wore a big hat and coat, with deep cape of pink marseilles trimmed with white embroidery.

Diplomatic Corps Call on Mr. Olney.

WASHINGTON, June 13.—Upon the invitation of Secretary Olney, all of the ambassadors and foreign ministers in Washington came to the Department of State this morning to pay their respects to the secretary. The members of the diplomatic body gathered in the diplomatic waiting room where they were welcomed by Assistant Secretaries Ade and Rockhill, and at 11 o'clock they were shown into the large diplomatic reception room where Secretary Olney was in waiting to receive them, assisted by Mr. Landis, private secretary to the late Secretary Gresham, and his own private secretary, Mr. Blandford. M. Patenotre, the French ambassador, headed the line, acting as dean of the corps in the absence of Sir Julian Pauncefote, and next to him came Baron Fava, the Italian ambassador. Mr. Patenotre formally presented the members of the corps to Secretary Olney.

Formosa Formally Transferred.

WASHINGTON, June 13.—The formal transfer of the island of Formosa by China to Japan is announced in a cablegram from the Japanese foreign office to the legation here. It occurred on June 3. Lord Li, son of Li Hung Chang, acted for the Chinese, and it is believed Mr. John W. Foster was also present. Admiral Katsuyama acted in behalf of Japan in receiving the new possession. The despatch states that the Japanese forces had a minor engagement with the Chinese on the island, in which the latter were repulsed with but a single loss to the Japanese. It adds that all foreigners are safe, and that the natives welcome the arrival of the Japanese.

It's a Grand Success.

The fact has been demonstrated by the thousands of testimonials the Mayers Drug Company, of Oakland, Md., has received since it sent its famous Mayers' Magnetic Catarrh Cure out to the sufferers of catarrh. No medicine has received such an endorsement from the people in so short a time as it did. The makers sell the medicine on business principles, and a patient is not required to buy the medicine by the dozen to get a cure. The Mayers' Magnetic Catarrh Cure sells for \$1 per bottle, one bottle to last for a three month's treatment. 3 bottles is the highest record ever required to complete a cure. General catarrh one bottle is guaranteed. No cure, no pay.

This is an unequalled offer and if you are a sufferer from catarrh get a bottle from your druggist, if no benefit derived costs you nothing. A prominent R. R. conductor speaks:

CUMBERLAND, Md., April 20, 1893.

To The Mayers Drug Co.

Gentlemen:—Yours to hand, in reply will say that I have the highest regard for your Catarrh Remedy, my trouble is in a chronic form and expect to use more than one bottle. I used one bottle which removed the trouble from the head in good shape and am on the second bottle for throat trouble, if I should succeed with the latter as I did in the former I shall write you again in the near future. Hoping it will do for the suffering humanity what it did for me, I remain

Yours truly,

G. J. SCHMUTZ.

Cure for Headache.

As a remedy for all forms of headache Electric Bitters has proved to be the very best. It effects a permanent cure, and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at Christian & Barbee's drug store.

ASSOCIATED PRESS.

Meeting of the Advisory Board Yesterday.

PHILADELPHIA, June 13.—A meeting of the advisory board of the Associated Press, reporting the eastern division of the Associated Press, which includes over 100 leading daily newspapers, was held at the Hotel Bellevue today. Representatives of New York, Philadelphia, Baltimore, Pittsburgh, Wheeling, Brooklyn, Boston, Erie, Titusville, Worcester, Concord, and other New England papers were present. The following resolutions were unanimously adopted: Resolved, That the advisory board of the eastern division of the Associated Press express its appreciation of the high character of the news report of the Associated Press furnished to papers in the eastern division, which report is clearly superior to any news service ever before furnished to papers in this portion of the country, either in the foreign or domestic field.

A resolution of appreciation of the services of President Victor F. Lawson and General Manager Melville E. Stone was unanimously adopted. The next meeting of the board will be held in Baltimore on Monday, July 15, at the suggestion of Gen. Felix Agnus, who was a guest at today's meeting.

Georgia State Bankers' Convention. BRUNSWICK, Ga., June 13.—The Georgia State Bankers' Association this morning unanimously passed the following resolutions: Resolved, that it is the conscientious opinion of this association that the free coinage of silver will bring upon our country the greatest financial distress. Resolved, further, that we believe that statutory enactments, endeavoring to maintain a circulation of gold and silver on a parity providing for free coinage of both, are futile. Such legislation would wipe out half of the valuation of our property and our laborers gain. Resolved, that we heartily approve the repeal of the ten per cent. tax on State bank issues as soon as proper laws are enacted to secure safety, elasticity and uniformity to a currency that must be readily convertible. G. Gunby Jordan was elected president for the ensuing year.

Captain Howgate's Trial.

WASHINGTON, June 13.—The feature of the trial of Captain Howgate today was the attempt of the defense to introduce testimony to show General Hazen, then chief of the signal service bureau, was cognizant of the whereabouts of Captain Howgate while the latter was in New York in 1887. A. E. Bateman, formerly a New York broker, was called as a witness to testify that he had seen Howgate, had notified General Hazen, who had offered \$500 reward for the capture, that he could tell where Howgate was, and that Hazen replied: "Stop, I don't want to hear it." District Attorney Birney immediately objected to the admission of the testimony, and it was ruled out, as were offers to prove by J. E. Jackson and Somersfield McLean, of New York, that Howgate's whereabouts in New York were well known.

Division of Microscopy Abolished.

WASHINGTON, June 13.—Secretary of Agriculture Morton today abolished the division of microscopy of his department, which has been in existence since 1873, and has been presided over by Dr. Thomas Taylor. The extension of microscopic work to other divisions left the division of microscopy, with such little to do, and at least five divisions, Secretary Morton says have done more microscopic work than it. The appropriations for this division abolished, \$7,500 will be covered into the Treasury. Secretary Morton's action in no way reflects on Dr. Taylor.

Opposed to the Conference.

BERLIN, June 13.—The National Zeitung today says that replies have now been received by the government from the majority of the federal governments to the former's inquiry regarding the expediency of an international conference for the settlement of the currency question. It is added that while several answers do not imply opposition to the proposal not one of them manifests a real desire for a conference. The replies, it appears, generally indicate a conviction that such meeting will be fruitless.

Some time ago I was taken sick with

a cramp in the stomach, followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have sold the remedy to others and every one who uses it speaks highly of it. J. W. Strickler, Valley Center, Cal
